ASCE TEXAS CECON[™] 2022 CIVIL ENGINEERING CONFERENCE

A UNIFIED COMMUNITY

The Texas Civil Engineering Conference (CECON[™]) offers a snapshot of the best in Texas civil engineering while providing unique opportunities to learn and build relationships across the state and beyond, contributing to the industry's technical diversity as never before. Current, past, and future Civil Engineers from around Texas and beyond are invited to come together as a unified community to build a better quality of life across the street and around the world. Just like in individuals, our unique industry abilities are what gives us strength as a community. It is this concept in which the CECON 2022 program will be built around. We invite all industries to gather and celebrate our Civil Engineering community.
